APPENDIX I

EASTWEST PERA PSEI TRACKER FUND
Fund SPECIFICATIONS

I. Investment Objective

The **EASTWEST PERA PSEI TRACKER Fund** (the "Fund") seeks to achieve investment returns that track the performance of the Philippine Stock Exchange Index (PSEi) by investing in a diversified portfolio of stocks comprising the PSEi, mirroring the same weights as the index. The Fund will be passively managed by EastWest Trust and Asset Management Group ("Trustee") and is ideal for investors with an aggressive risk appetite and a long-term investment horizon of at least ten (10) years.

Return Objective. The Fund aims to track the return of the **Philippine Stock Exchange Composite Index (PSEi)**.

- **Description of the Benchmark**
 - The PSEi is a free float adjusted, market capitalization weighted index composed of the 30 largest and most actively traded common stocks listed at the Philippine Stock Exchange (PSE). (Source: Philippine Stock Exchange, Inc.)
 - The PSEi is composed of the top thirty (30) largest and most actively traded common stocks are based on a fixed set of rules that allow it to represent the general movement of the Philippine stock market.
- **Relation of the Benchmark's to the Fund's objectives/investment strategies**
 - The Fund is designed for high-risk appetite investors seeking long-term capital appreciation. As a passively managed equity index fund, the Fund is designed to mirror the composition and performance of the PSEi as closely as possible.
 - The Fund aims to deliver returns that closely match/track the benchmark's performance, net of fees and expenses. The Trustee shall monitor and manage tracking error to ensure alignment with the benchmark.
 - The benchmark reflects the price performance of the underlying index constituents. It is not a total returns benchmark, nor is it net of applicable taxes. Minor misalignments between the Fund and the benchmark may occur due to differences in the treatment of dividends and taxes, since the PSEi is a price return index, whereas the Fund's returns are net of applicable taxes and may include reinvested income.
- **Sources for more detailed information**
 - Philippine Stock Exchange (<https://www.pse.com.ph/>)
 - Bloomberg. For additional information on the benchmark, investors may send an email via indexhelp@bloomberg.net.
 - Additional information on the benchmark can be made available to Participants or their PERA Administrators upon request.

II. Investment Policy

A. Pursuant to the foregoing objectives, the Fund is structured as an equity index fund in compliance with Sec. 403 and 414 of the Manual of Regulations for Banks (MORB).

B. Allowable Investments

The Fund shall be primarily invested in a portfolio of listed Philippine stock exchange index constituents. The portfolio composition and weightings shall mirror that of the PSEi. The Fund may invest in the following as allowed by the BSP and/or accredited by the Trust Committee:

1. Equities listed in the Philippine Stock Exchange, limited only to Philippine Stock Exchange Index constituents.
2. Deposit products in any accredited bank or financial institution, including the Trustee's own bank, provided that the principle of best execution shall be observed.

C. The combined exposure of a UITF to any entity and its related parties shall not exceed fifteen percent (15%) of the market value of the UITF; provided, that, a UITF invested partially or substantially, in exchange traded equity securities shall be subject to the 15% exposure limit to a single entity/issuer:

and tracked by the UITF, the exposure of the UITF to a single entity shall be the actual benchmark weighting of the issuer or 15%, whichever is higher.

D. Investments with related interests shall be transacted in accordance with Sec. 414 of the MORB.

III. Qualified Participants: Requirements, Restrictions and Risk Profile

A. Participation in the Fund shall be open to participants who are (1) individuals; (2) have legal capacity to contract; (3) who have a Philippine tax Identification Number (TIN); and (4) whose Funds are in a PERA account which shares the general investment objective of the Fund.

B. ***Risk profile of participants suitable to invest in the Fund: Aggressive.*** Such participant wants a portfolio which may provide capital appreciation over time and are willing to accept higher risks involving volatility of returns and even possible loss of investment in exchange for potential higher long-term results. However, it must be noted that the effect of participation in the Fund on an investor's total portfolio risk will vary greatly, depending on the percentage of the portfolio invested in the Fund, the nature and riskiness of the other components of the portfolio and the correlation of these other components to Philippine stocks.

C. Risk Factors

Investments in the Fund are valued based on the Net Asset Value per unit (NAVpU) Fund using a marked-to-market methodology, which reflects current market conditions and therefore may fluctuate daily. **Investments in a UITF do not provide guaranteed returns. The principal and earnings from investment in the Fund may be lost in whole or in part when the NAVpU at the time of redemption is lower than the NAVpU at the time of participation.**

The Fund, which shall be substantively invested in a diversified portfolio of listed Philippine shares of stock, is exposed to the following risks:

- **Business Risk.** Stockholders as fractional owners of corporations share in the fortunes of the business. The rise and fall of stock prices often reflect the market's perception of the prospects of corporations and their management to reward stockholders for taking risks unique to each business. Business risk can be reduced through diversification.
- **Country/ Political Risk.** Securities can be affected by the political, economic and social structures within the countries of their issuers, such as internal and external conflicts, currency devaluations, foreign ownership limitations, trading costs and tax increases.
- **Market Risk.** Market risk is the risk that the value of the FUND investment will be negatively affected by the fluctuations in the price level of its underlying instruments.
- **Inflation Risk.** Affecting all investments, inflation reduces the purchasing power of money.
- **Liquidity Risk.** Liquidity is a measure of how easy it is for a security to be converted into cash. A liquid security is widely held and is frequently traded by many buyers and sellers every day. This is minimized by investing in marketable securities.
- **Interest Rate Risk.** The value of fixed-income investments such as notes and bonds generally fall when interest rates rise. The potential for loss is typically greater for securities that have a longer term to maturity, have a longer duration or have a lower yield or coupon rate.
- **Reinvestment Rate Risk.** This is the risk of reinvesting interest earnings at a rate lower than the original investment.
- **Credit Risk.** Bonds represent a loan made to the issuer of the bond. The credit worthiness of the bond issuer is the issuer's ability to pay interest and principal on time, which can change during the life of the bond. Issuers with a higher risk of defaulting pay the highest yields.

IV. Admission and Redemption

A. Policies of Admission and Redemption.

1. **Initial Investment and Minimum Succeeding Participation.** If the account is opened over-the-counter in any of the accredited PERA Administrators' bank branches, the minimum initial investment/participation in the Fund is PHILIPPINE PESO: FIVE THOUSAND (Php5,000.00). If the account is opened through the accredited PERA Administrators' digital or online platforms (e.g. mobile application, website, etc.), the minimum initial investment/participation is PHILIPPINE PESO: TWO THOUSAND (Php2,000.00). There is a minimum additional participation of at least PHILIPPINE PESO: ONE THOUSAND (Php1,000.00) for succeeding investments.

3. **Admission and Redemption Cut-off Time.** Admission and/or notice of redemption may be accepted by the Trustee on any banking day subject to a 10:30 AM cut-off time on the same day as the transaction date (T+0). The cut-off time may be amended by the Trustee, in accordance with the Declaration of Trust and subject to BSP notification, upon which all branches distributing the said UITF will be advised. However, admission/notice of redemption received after the cut-off time shall be considered as transaction for the next applicable banking day.
4. **Minimum Holding Period.** The minimum holding period is thirty (30) calendar days from the date of participation. Any redemption made earlier than the required thirty (30) calendar day holding period shall be subject to an early redemption fee as stipulated herewith.
5. **Admission and Redemption Prices.** The minimum redemption amount is one (1) unit. Admission and redemption prices shall be based on the prevailing market value of underlying investments of the Fund at that time, in accordance with existing BSP rules and regulations on marking to market valuation of investment instruments.

B. Other Admission and Redemption Conditions.

1. **Participation Conditions:** Application to purchase is subject to confirmation as to the amount of units and the applicable NAVpu. When admitted, the Participating Trust Agreement and/or the Confirmation Notice shall be made available to the participant or to their respective PERA Administrator, within twelve (12) banking days after the transaction date.
2. **Redemption Notice Period.** When redeeming, the Trustee's receipt of the notice of redemption is also the transaction date (T+0). The participant in the Fund may redeem their participation on any banking day, through the PERA Administrator, in any form acceptable to the Trustee within the cut-off time stipulated herein. However, the Trustee reserves the right to require from the participants a five (5) banking day advance written notice of redemption from the Fund. The period for the required notice may be shortened or extended at the discretion of the Trustee, depending on the investment and liquidity position of the Fund and the frequency and volume of requests for redemption received by the Trustee at any given time. Requests for redemption shall be dealt with by the Trustee in chronological order according to the day that notice is received. Such conditions are also applicable for partial redemptions. The surrender of Confirmation Notice is not required for redemptions.
3. **Redemption Proceeds.** Proceeds of full or partial redemption shall be paid out of the Fund on the redemption settlement date of four (4) banking days after transaction date (T+4). The NAVpu on the transaction date shall be used to compute the value of the redeemed units.
4. **Early Redemption.** Redemptions made prior to the completion of the minimum thirty (30) calendar day holding period shall be subject to an early redemption fee.
5. **Early Redemption Fee.** An early redemption fee equivalent to: PHILIPPINE PESOS: FIVE HUNDRED (Php500.00) or 0.25% of the redemption proceeds, whichever is higher, shall be charged to the concerned Participant in case of redemption prior to the completion of the minimum thirty (30) calendar day holding period. The penalty collected shall accrue to the Fund.
6. **Policy for Partial Redemption.** A new Confirmation Notice reflecting the NAVpu at the time of original contribution will be issued to the participant for the remaining unredeemed units. There is no need to compute for the NAVpu of the remaining unredeemed participation since it will not be affected by the partial redemption.
7. **Redemptions Resulting in the Account Falling Below the Required Maintaining Balance.** Any redemptions made by the participant that shall result in the account falling below the required maintaining balance shall trigger an automatic withdrawal of the entire account of the participant from the Fund, without need of prior notice to the Participant. Said balance shall be paid through by crediting the Trustor's PERA Account based on the applicable NAVpU of the day and the number of remaining unit holdings. However, if the balance falls below the minimum maintaining

balance due to market movements or price fluctuations, the automatic withdrawal shall not be triggered.

8. **Early Withdrawal.** Early withdrawal from the Fund shall be subject to a penalty in accordance with the PERA Act and its implementing rules and regulations. Early Withdrawal shall mean a withdrawal or redemption from the Fund (1) prior to the participant reaching the age of fifty-five (55) years; or (2) after the participant reaches the age of fifty-five (55) years if he has not made contributions to his PERA account for at least five (5) years.

Early Withdrawal penalty shall, however, not apply to the following:

- a. Termination of the participation upon the death of the participant;
- b. If the entire proceeds of the withdrawal shall be transferred to another PERA Investment Product and/or another PERA Administrator within the time prescribed by relevant laws, rules and regulations;
- c. Withdrawal or payment of accident or illness related hospitalization in excess of thirty (30) calendar days, provided that there is a notarized doctor's certificate attesting to said event;
- d. Withdrawal by a participant who has been subsequently rendered permanently totally disabled as defined under the Employees Compensation Law, Social Security Law, and Government Service Insurance System Law;
- e. Other cases pursuant to the PERA Act and related rules and regulations.

- C. **Suspension of Admission and Redemptions.** The Trustee may temporarily suspend calculation of the NAV/NAVpu of the Fund, as well as admission to and redemption from the Fund, if it is unable to determine the NAVpU of the Fund due to any fortuitous event, such as fire, natural calamity, public disorder, or national emergency affecting the financial market resulting in the suspension of trading and consequently, the absence of available market prices of securities/instruments.

- V. **Allocation and Distribution of Income.** The investments of the Fund shall be entitled to tax privileges as stated in the PERA Act of 2008 and its implementing rules and regulations. Participants shall be entitled to income, profits, and losses with respect to their participation in the Fund on a pro rata and pari passu basis depending upon the number of units held by each Participant. The actual distribution or realization of income shall take place every time a redemption of units is made, to the extent of the number of units redeemed. The Trustee may distribute the Fund exclusively through PERA administrators pursuant to the MORB.

VI. Net Asset Value Per Unit

- A. All assets of the Fund shall be marked to market daily in accordance with existing BSP rules and regulations on marking to market valuation of investment instruments.
- B. Valuation Day shall mean any day in which banks are open for business in Metro Manila.
- C. The value of the NAVpu at the start of the Fund's operation shall be PHILIPPINE PESO: ONE HUNDRED (Php 100.00).
- D. The NAVpU is computed by dividing the Net Asset Value (NAV) of the Fund by the number of outstanding units. The NAV is derived from the summation of the market value of the underlying securities of the Fund plus accrued interest income less liabilities and qualified expenses. Gains from investment is realized when the NAVpu at the time of redemption is higher than the NAVpu at the time of participation.

VII. Fees

- A. The Trustee shall collect from the Fund a trust fee of 0.75% per annum based on the NAV of the Fund which shall be accrued daily and shall be collectible from the Fund at the end of each month.
